TRADITIONAL TECHNIQUES

Horary & Electional – 1 Day Workshop

Using fundamental traditional tools like reception and dignity, students learn about horary and electional astrology. Horary astrology is about using the astrology of the moment to gain insight into situations or events; Electional astrology involves creating the best birth chart possible for an upcoming event or experience (like a wedding or new business).

Students discover how to use astrology as an oracle and will have the opportunity to apply astrological symbolism to real life questions – and get some on the spot answers! Horary astrology is quick, clear and simple and was the historical entry point for the beginner student.

By the end of the day students will have the opportunity to demonstrate basic skills in using the horoscope as a tool of enquiry and explore alternatives for creating birth charts for specific events.

Assumed level of knowledge is the Earth Institute Certificate in Contemporary Astrology or external equivalent (i.e. 12 months study in a class environment.)
